### Flashcards

#### Overview

Pre-made *Flashcards* can be found in some units. These activities are identified by a "hamburger" icon (three stacked horizontal lines) on the course page.

Using *Flashcards* is a quick way to review course content. In units with *Flashcards*, you need to try at least one *Flashcard* to earn an *Activity Completion* check mark.

You can change the order of the cards when you repeat the activity.

#### **Flashcards View**

1. Click a Flashcard activity, e.g. Canada's Economy Flashcards.

2. Click the *View single* tab.

Read the question and think of an answer.

3. Click the *Flip the Card* button to see the answer.

The answer appears.

4. Click on the next number, e.g. #2, or click the double chevron to move to the next card.

It is a good idea to do all of the cards, and even to repeat the activity. You can give yourself a challenge and rearrange the order of cards.
