Importing Items to a Glossary Activity

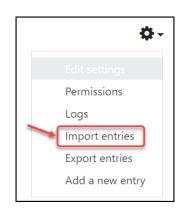

There are multiple *Supplemental files* available to use in the *Canadian Citizenship Prep* course. If needed, instructors can import new entries to the *Glossaries* of this course using these *Supplemental files*.

To add additional entries to a *Glossary* activity, complete the following steps.

1. On your course, select the Glossary activity to which you want to add items.

2. Click on its Actions menu and click on Import entries.

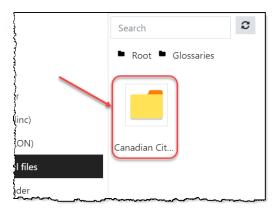

3. On the Import entries from XML file page, click on the Choose a file... button.
